On **Friday, Jan. 13** , in addition to our regular committee updates and member remarks, the morning's agenda was future-focused! From the official adoption of the 2012 SCALE legislative platform to discussing possible changes to the SCALE meeting schedule, format, and outreach strategies, Friday's meeting set the stage for the organization's direction and efforts in the new year. In addition, representatives from the SCALE Transportation and Economic Development Committee updated the membership on where the committee has been, what it has been doing, and where it intends to go this year.

The mission of SCALE is to forge new and innovative ways in which government entities can collaborate to provide superior services while making the most of limited resources.
